22ND SIRC
SINGAPORE INTERNATIONAL REINSURANCE CONFERENCE

1 NOV - 5 NOV 2026 | LEVEL 3 - 4, SANDS EXPO & CONVENTION CENTRE

FOR IMMEDIATE RELEASE

Registration for Singapore International Reinsurance Conference 2026 Now Open

Singapore, 26 June 2026 — The Singapore International Reinsurance Conference (SIRC) will return this November with the theme **"Capacity to Capability"**. It reflects the industry's focus on deepening expertise and building capabilities to navigate an increasingly interconnected and uncertain risk landscape.

Organised by the Singapore Reinsurers' Association (SRA), the 22nd edition of SIRC will take place from **1 to 5 November 2026** at the **Sands Expo & Convention Centre, Singapore**.

Widely regarded as a key event on the global reinsurance calendar, SIRC brings together reinsurers, insurers, brokers and industry stakeholders from around the world to exchange insights, strengthen partnerships and explore opportunities ahead of the renewal season.

Against a backdrop of geopolitical tensions, economic fragmentation and climate-related risks, SIRC 2026 will examine how the industry can adapt to evolving risk realities while supporting long-term resilience and sustainable progress. Discussions will also explore alternative risk transfer solutions in addressing protection gaps, as well as the skills, talent and capabilities that will shape the future of the reinsurance workforce.

Following the record-breaking participation at SIRC 2025, this year's event is set to attract more than 4,200 delegates from across the global reinsurance ecosystem.

"Capacity remains the foundation of our industry, but today's challenges require more than the ability to absorb risk. As geopolitical uncertainty, evolving protection needs and workforce transformation continue to shape the operating environment, the industry must strengthen its capabilities, develop innovative solutions and invest in talent. The discussions at SIRC 2026 reflect these priorities that will define our industry as we prepare for the future," said Jeslyn Tan, Executive Director of the Singapore Reinsurers' Association.

About the Singapore International Reinsurance Conference (SIRC)

Launched in 1991, the Singapore International Reinsurance Conference (SIRC), organised by the Singapore Reinsurers' Association (SRA), has established itself as one of the most important events on the global reinsurance calendar where leading reinsurers, insurers and brokers gather to take stock of the reinsurance market and set the tone for the renewal season while exploring new opportunities for business cooperation. Each year, the conference draws thousands of delegates and business partners from across the world.

About the Singapore Reinsurers' Association (SRA)

Established in 1979, the objectives of the SRA are to advocate and represent members in strategic matters through active engagement with regulators, policymakers and industry bodies; promote professional excellence through education, professional development and best practices; facilitate industry exchange and collaboration to advance the reinsurance industry and strengthen Singapore as a reinsurance hub in the region while promoting its diverse career opportunities. The SRA has a total membership of over 60 members comprising major reinsurance companies with a presence in Singapore, direct insurance companies that write substantial reinsurance portfolios, major reinsurance broking firms, regional reinsurers, Lloyd's service companies and ancillary service providers.
